

CORPORATE SOCIAL RESPONSIBILITY ACHIEVEMENTS-2022-2025

Advocacy for Social Equity & Change

Advocating for marginalized and vulnerable population and sitting on different tables for advocacy efforts:

- CW- Equity, Diversity, Inclusion Advisory Council (EDIAC)
- Anti-Black Racism Systemic Discrimination Collective
- Community Safety Well-Being
- Family & Intimate Partner Violence Action Table
- PEAPN (Peel Elder Abuse Prevention Network) Meeting.

Mentoring

PCHS fosters the next generation of leaders through mentorship at various growing organizations such as :

- Malton Women Council
- Human Endeavour
- Brilliant Minds Group
- Free For All

Research Initiatives

PCHS engages in community-based research and provides meaningful contributions at many diverse tables.

For e.g.:- A collaborative project with McGill University, collaboration with University of Toronto and Sheridan College etc.

Collaborations

Leading collaborative efforts with external organizations to enhance service delivery, including chairing key committees, such as:

- Brampton Food Hub
- Malton Library
- Novo Nordisk
- Trillium Health Partners
- Information, Awareness & Orientation Partnership (IAOP) for the Peel Halton region (Co-Chair)

Social Change

Support & promote social change maker organizations through fundraising activities:

- Malton Women Council
- Human Endeavour
- Seva Food Bank

Education & Awareness

- PCHS CEO represented as keynote speaker at the conference organized by McGill University :- “Why has Academic Public Health Research Failed to Reduce South Asian Health Disparities in Canada?”
- Supervisor along with one staff from Newcomer Settlement Programs presented on “ Settlement Service Delivery System with culturally sensitive and Person Centric Approach” at Ontario Council of Agencies Serving Immigrants (OCASI) Conference.
- Director of Community Development presented on cultural competency and caregiver burnout at the Central West Ontario Health Team Navigation Supports Conference.

Health Promotion

Committed to empowering communities through targeted health education & accessible services, fostering informed choices that promote well-being.

This helps bridge the gap between healthcare systems and the public by ensuring the community is educated about prevention, early detection, and management of chronic conditions. Provided vital health screenings by running Mammogram and Diabetes Clinics.

CEO and Sr. Manager of Health Promotion & Prevention participated in the Global Summit on a Collective Vision for Obesity in Denmark.
